Can Prime Minister Abiy Ahmed help unify a country steeped in deep ethnic tensions and long-standing rivalries?

Hope-Taylor understood Yeavinger as a place of contact between an indigenous British population and an incoming Anglian elite, few in number: an Anglo-British centre, as he expressed it in his monograph title. He developed this view from the complex archaeological stratification which, he judged, could not be compressed into the seventh century but which implied a much longer period of use at the site. To appropriate to themselves the ideological power held in the memory of the traditional burial places. This use of burial practice is comparable, Bradley suggests, with the way in which Anglo-Saxon royal houses developed for themselves genealogies which showed their descent from the god Woden.
