

## The World Since 1945: A Brief History

By Daniel R. Brower

Pearson Education (US), United States, 2004. Paperback. Book Condition: New. 2nd Revised edition. 229 x 173 mm. Language: English . Brand New Book. For quarter-/semester-long advanced courses in Contemporary World History. This brief text stresses the profound global transformation that has occurred since 1945 as a result of the collapse of the remaining great colonial empires, and the emergence of nation-states throughout the world. Its thematic emphasis makes clear as well the importance of the Cold War in influencing the process by which these nation-states sought to create new ideals and new institutions-to insure order and justice within their boundaries, and find places within the international community. The book also links the new nation-states in the Middle East, Asia, and Africa, with the ethnic conflicts, local wars, and terrorist movements that became increasingly prevalent toward the end of the twentieth and early twenty-first centuries.

World history or global history as a field of historical study examines history from a global perspective. It emerged centuries ago; leading practitioners have included Voltaire (1694-1778), Hegel (1770-1831), Karl Marx (1818-1883) and Arnold J. Toynbee (1889-1975). The field became much more active (in terms of university teaching, text books, scholarly journals, and academic associations) in the late 20th century. It is not to be confused with comparative history, which, like world history, deals with the history of individual nations and regions. *The World Since 1945 : A Brief History.* by Daniel R. Brower.
