

# Cancer: The Complete Recovery Guide: Everything That Everyone Should Know About Cancer And How To Recover From It | Long Island, 2008 | 9780954596019 | Jonathan Chamberlain | 355 pages | 2008

From the Back Cover. Cancer: The Complete Recovery Guide is the book I wish I'd had at hand when my wife Bernadette was diagnosed with cancer. This book describes what cancer is; what the mainstream approaches are - and the pros and cons of surgery, radiation and chemotherapy; and what the alternative approaches are: the tests you might want to consider, the detox regimes, the diets, vitamins, herbs, supplements, machines and therapies that could give you a 90% chance of recovery from cancer. The truth is there are dozens of cures for cancer. You have covered just about everything that I have read, and it took me over twenty books and innumeral downloads to do it. I think everyone should read this book, certainly before taking any conventional cancer treatment. Free Guides to Fighting Cancer Naturally. Budwig Cancer Guide, by Budwig Center Natural Therapies. This is a great compact guide that gives you an overview of Dr. Budwig, the 3 main causes of cancer and disease, Budwig's eating program, an overview of bio magnetism, and an overview of additional therapies. Courage and Wisdom in a Time of Need, by Budwig Center Natural Therapies. It also covers metabolic types and how to eat based on metabolic types. At the end of the guide is a series of survivor stories of various kinds of cancer. The Treatment of Stage IV Cancers, by Webster Kehr. This is the book that started Dr. Anthony Sattilaro on his recovery from cancer. Michio Kushi shares his insights toward a long-lasting approach for fighting cancer. Cancer - The Complete Recovery Guide, by Jonathan Chamberlain. This book talks about a wide range of alternative cancer treatments and the many relevant issues associated with using an alternative cancer treatment. It is very comprehensive. Fighting Cancer - A Survival Guide, by Jonathan Chamberlain. This book explains how fungal DNA affects human DNA in cancer patients and how cancer forms in tissue. It refers to The Body Electric many times. The Blood and its Third Element, by Antoine Bechamp. While this book talks about treatments for various diseases, it should not be considered a "treatment" book. Overall, there is a lot of good information in the book. The Rockefellers - An American Dynasty, by Peter Collier & David Horowitz. Cancer Recovery Guide book. Read 2 reviews from the world's largest community for readers. In Europe and the U.S., we have a forty to fifty percent chance... Start by marking "Cancer Recovery Guide: 15 Alternative and Complementary Strategies for Restoring Health" as Want to Read: Want to Read saving! Want to Read. In Cancer Recovery Guide Chamberlain presents 15 simple, practical strategies for becoming well again. These strategies are grouped in three families: those relating to the mind and the emotions (did you know stress makes cancers more aggressive?); those relating to the health of the whole body (cancer cannot survive in a tissue environment that is truly healthy); and those that focus on directly attacking the cancer tumours. Cancer Recovery Guide: 15 Alternative and Complementary Strategies for Restoring Health. By Jonathan Chamberlain. Ratings
