Part III: sat critical reading strategies. 3. Sentence Completion Strategies. HOW THIS BOOK IS ORGANIZED Whether you have three long months or just four short weeks to prepare for the exam, Peterson's Master the SAT will help you develop a study plan that caters to your individual needs and personal timetable. These step-by-step plans are easy to follow and remarkably effective. The critical reading sections on SAT are designed to test your ability to read and understand written English of the level you need to make the most of a university course. There are two types of questions. However, if you are not a good reader, or if English is your second language, you will have to work hard to raise your vocabulary to the required level. You can start with learning our Wordlists that have been divided into ten units so that you can spread this learning over ten weeks. If you have more time available it would be a good idea to read some classic books. Practice tests. The practice tests we have designed for you in each of the areas, contain vocabulary of the level used by the SAT test makers. Keep a notebook handy while doing the tests and jot down any unfamiliar words. New SAT Critical Reading Workbook.pdf.pdf - Papers - XtremePapers. 262 Pages 2009 821 KB 2,471 Downloads. Questions .
