Published September 1, 2005 by Brazos Press . Written in English. Subjects. Churches, Influence, Advertising, Christianity. All over the world, people are changing the face of the Earth. Wild areas are cleared for farming and to build roads and expand cities. Our factories, cars and power stations poison the environment with polluting gases and chemical waste . As well as transforming the environment, we are destroying habitats, the homes of both plants and animals. Living things have evolved over millions of years. Many animals and plants can only survive in certain environments. When such areas are destroyed, wildlife cannot always adapt to the new conditions and some species may die out . Thousands of species of
