ACRES OF SKIN Human Experiments at Holmesburg Prison: A True Story of Abuse and Exploitation in the Name of Medical Science. By Allen M. Hornblum. Routledge, \$25. Acres of skin" was what Dr. Albert Kligman saw when he walked into Holmesburg Prison in Philadelphia in 1951. "It was like a farmer seeing a fertile field for the first time," he told an interviewer years later. This was nirvana for Kligman, a professor of dermatology at the University of Pennsylvania Medical School who, one of his colleagues told Allen M. Acres of Skin: Human Experiments at Holmesburg Prison is a 1998 book by Allen Hornblum. The book documents clinical non-therapeutic medical experiments on prison inmates at Holmesburg Prison in Philadelphia from 1951 to 1974, conducted under the direction of dermatologist Albert Kligman. The title of the book is a reference to Kligman's reaction on seeing hundreds of prisoners when he entered the prison: "All I saw before me were acres of skin" "It was like a farmer seeing a fertile field for the
