## Fifteen Outstanding Books of 2010 for Mission Studies

In consultation with fifty distinguished scholars from around the world, the editors of the *INTERNATIONAL BULLETIN OF MISSIONARY RESEARCH* have selected fifteen books published in 2010 (or, in the case of Tiedemann's *Handbook*, late 2009) for special recognition of their contribution to mission studies. We commend the authors, editors, and publishers represented here for their contribution to the advancement of scholarship in studies of the Christian mission and world Christianity.
