I Have been reading this little book through lent. IT Is a really good read. Sister glen is very down to earth. Her comments on the daily scriptures are easily understandable, and enlightening. She relates the scriptures to modern life. I Have found IT to be very helpful during my lenten journey.Â I've been reading these reflection books from this author for years. Her readings gently nudge and challenge you to reflect on your life and find areas where you can follow God more closely. They are very personal and accessible, written in simple, plain language.
