11. STOYKA, V. - KOVÁČ, F.: Texture Development in Grain Oriented Electrical Steels under Dynamical Heat Treatment Conditions. In: Soft Magnetic Materials Conference. SMM 18. Book of Abstracts. Cardiff, 2.-5.9.2007. B.V. 2007, s.256

3.14. Lectures and Posters at Scientific Meetings with Abroad Attendance at Least 30 %

1. **KOVAĽ, V.** - REECE, M.J. - BUSHBY, A.: The Effect of Spherical Nanoindentation on the Local Ferroelectric and Piezoelectric Response of Lead Zirconate Titanate Films. In: 2007 U.S. Navy Workshop on Acoustic Transduction Materials and Devices. State College, 15.-17.5.2007. B.V. 2007, s.CD-ROM

3.15. Other Lectures and Posters

1. **ŠEVC, P.:** Ústav materiálového výskumu SAV - partner HF TU vo vedeckom výskume a vedeckej výchove. In: Tradícia a budúcnosť v metalurgii a v materiálových technológiách. Konferencia z príležitosti 55. Výročia založenia Hutnickej fakulty TU v Košiciach. Košice, 24.10.2007. Košice : HF TU 2007, s.10-12

3.20.a/ Scientific Publications on Web in Foreign Languages

1. **DUSZA, J.:** Ceramic Nanocomposites. Carpathian Virtual Institute for Research and Innovation. Summer School. Miskolcopolca, 28.-30.8.2007. Internet 2007, s.web

Monograph. From Wikipedia, the free encyclopedia. Not to be confused with Monogram. A monograph is a specialist work of writing (in contrast to reference works)[1] on a single subject or an aspect of a subject, often by a single author, and usually on a scholarly subject. In library cataloging, monograph has a broader meaning, that of a nonserial publication complete in one volume (book) or a definite number of volumes. This is #13 in the Monographs Special Edition in 3D series, and it of course covers the Ikarus IK-2 in great detail, providing information that hasn't been seen before, and correcting many errors in the accepted understanding of this rare type. It is hard bound and extends to 198 pages plus a blank sheet at the start and end, so it's a weighty tome. It was written by Aleksandar M Ognjević and Branislav J Mirkov, the latter also being responsible for the lavish 3D artwork. 2. Monographs (Vol 3). Uploaded by. Swamy Nithyanandha Siddha. IDENTITY, PURITY AND STRENGTH Foreign matter + Not more than 2. percent, Appendix 2.2.2 Total ash = Not more than 3.5 percent, Appendix 2.2.3, Acid-insoluble ash + Not more than 0.7 per cent, Appendix 2.24, Alcohol-soluble extractive - Not essthan 2 percent, Appendix 2.2.6.
