U.S. military planes transited Austria in broad daylight on their way to Lebanon, the cozy, covert Austro-American relationship became all too overt. Although many Austrians believed neutrality would end foreign (particularly Soviet) domination and would ensure an ultimate withdrawal from global upheavals, these events showed that neutrality by itself could not remove the strategic implications inherent in Austria's. The Declaration of Neutrality (German: Neutralitätserklärung) was a declaration by the Austrian Parliament declaring the country permanently neutral. It was enacted on 26 October 1955 as a constitutional act of parliament, i.e., as part of the Constitution of Austria. Pursuant to resolution of the Federal Assembly of Parliament following the State Treaty, Austria declared "its permanent neutrality of its own accord." The second section of this law stated that "in all future times Austria will not join ISSN 2310-5577. The journal is registered in Austria. Articles in humanities, social sciences, engineering and natural sciences are published in the journal. Journal is published in English only. Example of output data of an article & Mark, Smith. Humanitarian approaches to the Periodic Law // The European science review, 2001 - 9780765807748 - 376 pages.
