These are the princes who saved Sleeping Beauty, Cinderella, Snow White, and Rapunzel, respectively, and yet, thanks to those lousy bards who wrote the tales, you likely know them only as Prince Charming. But all of this is about to change. Rejected by their princesses and cast out of their castles, the princes stumble upon an evil plot that could endanger each of their kingdoms. Now it's up to them to triumph over their various shortcomings, take on trolls, bandits, dragons, witches, and other assorted terrors, and become the heroes no one ever thought they could be. Christopher Healy's Hero's (or villain's) reputation. Whenever something big happened—a damsel was rescued, a dragon was slain, a curse was broken—the royal bards would write a song about it, and their wandering minstrels would perform that tune from land to land, spreading the story across multiple kingdoms. But the bards weren't keen on details. If we were to peek ahead to, say, Chapter 20, we would see our heroes in a small mountain town called Flargstagg, sitting in just about the worst tavern in all of creation: the Stumpy Boarhound. The Stumpy Boarhound is the kind of dank and miserable place where pirates and assassins play cards while plotting their next despicable crimes (which often involve robbing the tavern itself). It didn't even matter to the bards whether the person in question was a truly daring hero (like Prince Liam, who battled his way past a bone-crushing, fire-blasting magical monster in order to free a princess from an enchanted sleeping spell) or some guy who merely happened to be in the right place at the right time (like Prince Duncan, who also woke a princess from a sleeping spell, but only because some dwarfs told him to).
